Gentlemen:-

Acting under instructions from me,
the Medallic Art Company of No. 10 East 17th
Street, delivered to you in July 1909, the dies
for a medal designed for me by Chester Beach.
I understand that the medal is now in your possession
and I have to ask that you will kindly forward it
at once to me at the above address.

Thanking you for your trouble in
the matter, I am

Yours very truly,

Is the medal that we
have silver, or copper
silvered?

September 14th, 1911.

Mr. William R. Peal,
Central Hudson Gas and Electric Co.,
Newburgh, N. Y.

Dear Sir:-

I have your letter of September 9th. The dies of the medal designed for you by Chester Beach are in the custody of this Society, having, as you say in your letter, been delivered here by the Medallie Art Company in 1909.

Am I to understand by your letter that you desire that these dies should be sent to you? I am a little uncertain as to this, as you say in your letter, that you understand that the medal is in our possession, and would like it forwarded. The only one of these medals in our possession is one struck in silver, that was presented to the Society by the Medallie Art Company over two years ago. I find, according to our records, that the dies were simply placed in the custody of the Society, and so could be withdrawn at any time, but that the medal was presented to the Society by the Medallie Art Company.

I would be very glad to know just what your wishes are in regard to this matter.

Very truly yours,

Director
